WORK EXPERIENCE

Dear Sir or Madam,

I am writing to express my interest in the position and to submit my resume for consideration. The job profile aligns with my educational background and professional experience.

I have worked in the IT sector, starting with one year of experience in a computer shop, where I handled maintenance, troubleshooting, and support for hardware, software, and networking. Additionally, I have over two years of experience as a Network Technician at World City Co., LTD, and one year as an IT Officer at Borey Chea Ry Co., LTD. My technical skills include network engineering, and proficiency in configuring Windows Server and other operating systems. Furthermore, I have gained one year of experience in the Infrastructure and Support Department at Chip Mong Group, where I supported the IT needs of Chip Mong Retail BU, including general operations and projects for new store openings.

I believe my experience and technical skills make me a strong candidate for this position. I am confident in my ability to understand customer needs and adapt to various environments. I am eager to contribute my expertise to your team.

I look forward to the opportunity to discuss how my qualifications can benefit your organization. I am available for an interview at your convenience. Thank you for considering my application.

Sincerely,

Hav MEAS
